SINGLE PORT CHARGING

Keystone module USB-A 5V 2A charger

SOLVE
ELECTRONIC COMPONENTS

Features and benefits:

- A charger with the Keystone mounting standard is equipped with one USB Type A port for charging various types of electronic devices, such as smartphones, etc.
- A fashionable and modern solution – Keystone USB chargers can be placed in "wall" or "furniture" in many places, such as offices, homes, hotels, universities, or conference rooms.
- Convenience and space-saving: USB port built right into the "wall" – only plug in the cable and start charging.
- Can be mounted in a wide range of electro-installation accessories.
- Quick connection to the electrical installation.

Physical and technical specifications:

Product ID and color	**2804-2** ○ white (RAL9016)
	2804-1 ● black (RAL9017)
Number of USB ports	1 x USB-A
Nominal input voltage	AC 110–240 V 50/60 Hz
Nominal input current	0,3 A max.
Nominal output voltage	DC 5 V
Nominal output current	2 A
Output power	10 W max.
Average active efficiency	80%
Protections	OCP / SCP / OVP / OTP
Ingress protection code	IP20
Housing material	PC
Dimensions	28,3 x 22 x 39,1 mm
Weight	0,02 kg
Assembly	Keystone snap-in design to fit adapters, faceplates, etc.
